SKILLS

SUMMARY

I have essential knowleges about Javascript and OOP. Additionally, I have approximately 2 years of experience working with frameworks and libraries in NodeJS platform to build web apps.

TECHNOLOGIES

- Front end:** NextJS, ReactJS, MUI, TailwindCSS, ShadcnUI, Socket, WebRTC, ...
- Back end:** NestJS, ExpressJS, Mongoose, MongoDB Driver, JWT, Socket, Cloudinary, Swagger, ...
- Database:** MongoDB.

OTHERS

- Manage source code by Git.
- Read and research English documents.
- Have teamwork and self-study skills.

CAREER OBJECTIVE

My target is to become a full-stack web developer within the next 2-3 years. Additionally, I am always ready to learn new knowledges to serve work and develop soft skills.
